

**AEROTRACK
CORPORATION**

INTRODUCTION

30 Long Years of a Journey Defined by Manufacturing & Service Provider Excellence

Aero Track Corporation is a diversified Pakistani manufacturing and engineering enterprise established in 1995, delivering locally developed, international standard solutions across chemical, mechanical, and textile industries. The company pioneered proprietary Runway Rubber Deposit Remover (RDR) chemicals and independently executed runway cleaning services for the Civil Aviation Authority (CAA) and the Pakistan Air Force (PAF) a distinction

Over the years, Aero Track Corporation has expanded into industrial and specialized chemicals, mechanical and marine-grade engineering solutions, and premium signature menswear fabrics. Driven by a commitment to innovation, import substitution, and quality, the company continues to support national infrastructure while contributing to Pakistan's industrial and economic growth.

ACKNOWLEDGED BY ESTEEMED ORGANISATIONS.

GHQ RAWALPINDI D.O LETTER

I take this opportunity to express my gratitude for your kind support.

Lieutenant General Dated 27-July-2023

PAF AIR HEADQUARTER ISLAMABAD

Runway rubber removing chemical ATC-R-7 product has been approved for use in PAF by the competent authorities as earlier intimated to you. However, as and when any work is sanctioned/approved at any base, your firm will be approached for the rates and necessary agreement.

Arshad Yaqub Dated 22-April-2006

PAKISTAN AIR FORCE- PAF BASE SARGODHA

The “Aero Track Corporation” was recently contracted to remove the rubber deposits at the runway of PAF Base, Sargodha. To remove the persistent layers of tyre marks compounded with the extreme weather effects were a serious challenge. The Corporation using ATC R-7 de-rubberising material were very successful in completely removing the rubber layer without damaging the underlying surfaces. PAF Base, Sargodha’s experience the “Aero Track Corporation” and its de-rubberising material : “ATC R-7” was very good. On behalf of all fighter pilots of my Base I would like to acknowledge the services of “Aero Track Corporation” and appreciate their tremendous response to our problem.

Khalid Choudhry Air Commodore

PAKISTAN AIR FORCE- PAF BASE MASROOR

The “Aero Track Corporation” was recently contracted to remove the rubber deposits at the runway of PAF Base, Masroor. To remove the persistent layers of tyre marks compounded with the extreme weather effects were a serious challenge. The Corporation using ATC R-7 de-rubberising material were very successful in completely removing the rubber layer without damaging the underlying surfaces. PAF Base, Masroor’s experience the “Aero Track Corporation” and its de-rubberising material : “ATC R-7” was very good. On behalf of all fighter pilots of my Base I would like to acknowledge the services of “Aero Track Corporation” and appreciate their tremendous response to our problem.

Syed Hassan Raza Air Commodore

NAVAL HEADQUARTER ISLAMABAD

It is certified that M/S Aero Track Corporation is the sole Manufacturer of the item being procured vide indent No 587038 dated 14 April 2005. Seal Mechanical was successfully developed by the firm through DGITD and was declared proprietary. It is certified that no other equipment/item is acceptable in Pakistan Navy and the indented spares/stores may therefore be procured on proprietary basis from M/S Aero Track Corporation.

Shahid Latif SI(M) Rear Admiral Dy. Cheif Of The Naval Staff.

PAKISTAN NAVY- NAVAL HEADQUARTERS

It is certified that M/S Aero Track Corporation has successfully developed Seal Mechanical for Air Conditioning Compressor of type 21 ships fulfilling the requirements of Pakistan Navy.

*Commodore Saeed Ahmed Sargana, SI(M)
Deputy Chief of Naval Staff*

CIVIL AVIATION AUTHORITY (CAA), PAKISTAN

It is to inform you that your product/chemical ATC R-7 has been declared as Proprietary Item for Removal of Rubber Deposit From Runway Pavements (Rigid/Flexible) by the Committee / Forum of CAJA.

*Engr. Muhammad Ali Syed
C.M. Contracts, Civil Aviation Authority*

OUR CONTRIBUTIONS

Industries We Own & Serve!

CHEMICAL

We specialize in runway rubber removal using our own high-performance chemical **ATC-R-7**, designed to enhance surface safety and operational efficiency. Our portfolio also includes industrial, hygiene, and cleaning chemicals developed for reliable performance in demanding environments.

MECHANICAL

We provide manufacturing and installation of elevators, mechanical seals, roti plants, and generators, delivering precision-engineered systems focused on durability, efficiency, and long-term operational reliability.

Our portfolio includes life raft rations, emergency purified water, and first aid kits, along with several other essential safety products. Each item has been carefully designed, tested, and refined to ensure reliability in critical situations.

We take pride in the fact that our products were successfully deployed and performed reliably aboard Pakistan Navy ships and other fleets, reflecting our commitment to quality, durability, and operational excellence.

Our journey reflects a deep commitment to responsibility and innovation, with a clear focus on serving the nation through high-quality, locally manufactured safety solutions while minimizing dependence on imported products.

We take pride in being the only manufacturer in Pakistan to have developed emergency purified water with a shelf life of up to five years. This achievement was made possible through our dedicated R&D efforts, undertaken at the request of DGITD, leading to its successful development and supply to the Pakistan Navy since 1998.

SERVICES

From maintaining the integrity of the runway to ensuring the safety and hygiene of your cabin, we provide specialized aviation and facility support. Our team combines proprietary technology with expert precision to keep your operations compliant, protected, and ready for departure.

Runway Cleaning

We specialize in runway rubber removal using our own high-performance chemical ATC-R-7, formulated to safely eliminate stubborn rubber deposits while preserving the integrity of the runway surface. It ensures long-term durability and reliable operational performance.

Aircraft Cleaning & Ground Handling Services

We provide professional in-cabin and exterior cleaning along with thorough disinfection for all types of aircraft. Our team ensures spotless interiors, polished exteriors, and a hygienic environment, keeping your aircraft safe, clean, and ready for every journey.

Fire Extinguishers Installation and Maintenance Services

We provide expert installation and regular maintenance of fire extinguishers to ensure safety and compliance. Our services keep your equipment fully operational, reliable, and ready to protect your premises at all times.

FOREIGN COLLABORATION

INTERNATIONAL

We have already entered into a joint venture with Aviation Management and Services a Subsidiary of Sharjah Civil Aviation Authority for Maintenance and Cleaning of Runway Rubber Deposits from Sharjah Airports and other U.A.E airports.

Presentation in Bahrain

We are in the process of getting registered with Bahrain Civil Aviation for Cleaning Of Runway Rubber Deposits from Their International Airports. We are also trying to penetrate into their Flight Kitchens for providing Dish Washing Detergents and other Cleaning Compounds.

FOREIGN COLLABORATION

AERO TRACK has recently gone into Foreign Collaboration with M/S Aviation Management & Services (AMAS) Sharjah, M/S Amas will act as an agent for Aero Track and will approach not only Civil Aviation Authority Sharjah, but all other such Authorities in U.A.E under the technical adviser of Aero Track Representative from Pakistan. They will also try to penetrate into Flight Kitchens Functioning in the Vicinities for supply of other chemical products like Dish Washing Detergents, Floor Cleaning Chemicals, Stainless Steel Cleaning Chemical, Oven Rack Cleaning Chemical Etc.....

ABOUT US

**30 LONG YEARS OF A JOURNEY DEFINED BY
MANUFACTURING EXCELLENCE**

OUR LEGACY & VISION

AERO TRACK CORPORATION IS A DIVERSIFIED PAKISTANI MANUFACTURING AND ENGINEERING ENTERPRISE WITH A LEGACY SPANNING OVER THREE DECADES. ESTABLISHED IN 1995, THE COMPANY HAS CONSISTENTLY FOCUSED ON DEVELOPING LOCALLY ENGINEERED, INTERNATIONAL-STANDARD SOLUTIONS ACROSS MULTIPLE INDUSTRIES, WITH A CLEAR VISION TO STRENGTHEN NATIONAL SELF-RELIANCE AND REDUCE DEPENDENCE ON IMPORTS.

THE JOURNEY:

PIONEERING AVIATION EXCELLENCE

OUR STORY BEGAN WITH CHEMICAL MANUFACTURING, WHERE THE COMPANY ACHIEVED A MAJOR NATIONAL MILESTONE BY DEVELOPING RUNWAY RUBBER DEPOSIT REMOVER (RDR) CHEMICALS FOR AVIATION APPLICATIONS. THESE CHEMICALS WERE EXCLUSIVELY DEVELOPED FOR RUNWAY CLEANING OPERATIONS, AND AERO TRACK CORPORATION INDEPENDENTLY CARRIED OUT SERVICES FOR THE CIVIL AVIATION AUTHORITY (CAA) AND THE PAKISTAN AIR FORCE (PAF) USING ITS PROPRIETARY FORMULAS.

TO DATE, THESE SPECIALIZED AVIATION CHEMICALS REMAIN EXCLUSIVELY MANUFACTURED BY AERO TRACK CORPORATION IN PAKISTAN. THEIR EFFECTIVENESS AND RELIABILITY HAVE LED AUTHORITIES TO DECLARE THEM PROPRIETARY, REFLECTING OUR DEEP TECHNICAL EXPERTISE.

GROWTH & PORTFOLIO EXPANSION

BUILDING UPON THIS FOUNDATION, THE COMPANY EXPANDED ITS CHEMICAL PORTFOLIO TO INCLUDE A WIDE RANGE OF INDUSTRIAL AND SPECIALIZED CLEANING SOLUTIONS. WE SERVE DIVERSE OPERATIONAL ENVIRONMENTS WHILE MAINTAINING THE STRICTEST QUALITY AND PERFORMANCE STANDARDS FOUND IN THE GLOBAL MARKET.

MECHANICAL ENGINEERING & STRATEGIC INNOVATION

WITH GROWING EXPERTISE, AERO TRACK CORPORATION EXTENDED ITS CAPABILITIES INTO THE MECHANICAL ENGINEERING DOMAIN. WE SUCCESSFULLY DEVELOPED MECHANICAL SEALS AND MARINE-GRADE ENGINEERING SOLUTIONS COMPARABLE TO INTERNATIONAL BENCHMARKS.

THESE PRODUCTS HAVE BEEN SUPPLIED TO THE PAKISTAN NAVY AND OTHER ESTEEMED NATIONAL INSTITUTIONS, EARNING FURTHER PROPRIETARY RECOGNITION. THIS EXPANSION REINFORCES OUR COMMITMENT TO LOCAL INNOVATION, COST EFFICIENCY, AND STRATEGIC IMPORT SUBSTITUTION.

OUR CORE OBJECTIVE

ACROSS BOTH CHEMICAL AND MECHANICAL DIVISIONS, AERO TRACK CORPORATION IS DRIVEN BY A SINGULAR MISSION:

TO CONSERVE PAKISTAN'S FOREIGN EXCHANGE RESERVES BY PROVIDING WORLD-CLASS, LOCALLY DEVELOPED PRODUCTS AT COMPETITIVE PRICES, WHILE SUPPORTING CRITICAL NATIONAL INFRASTRUCTURE AND INDUSTRIAL GROWTH.

DIVERSIFICATION INTO PREMIUM TEXTILES

CONTINUING ITS EVOLUTION, THE COMPANY HAS RECENTLY DIVERSIFIED INTO THE TEXTILE MANUFACTURING SECTOR, INTRODUCING PREMIUM-QUALITY SIGNATURE MENSWEAR FABRICS. THIS EXPANSION REFLECTS THE SAME PHILOSOPHY THAT DEFINES OUR INDUSTRIAL OPERATIONS—PRECISION, QUALITY, AND UNCOMPROMISING STANDARDS—NOW TRANSLATED INTO THE REALM OF FINE TEXTILES.

AERO TRACK CORPORATION TODAY

TODAY, AERO TRACK CORPORATION STANDS AS A TRUSTED NAME IN CHEMICAL MANUFACTURING, MECHANICAL ENGINEERING, AND PREMIUM TEXTILES, SERVING BOTH PUBLIC AND PRIVATE SECTOR CLIENTS. WITH 30 YEARS OF EXPERIENCE, PROPRIETARY TECHNOLOGIES, AND A FORWARD-LOOKING APPROACH, WE REMAIN COMMITTED TO INNOVATION, NATIONAL VALUE CREATION, AND EXCELLENCE ACROSS EVERY DIVISION WE OPERATE.
